

DOMAINE SAINT ANTHELME

VIN DE PAYS DU GARD ROSÉ

Domaine St. Anthelme is a second label of Claude Garcin and Domaine la Genestière. Originally established in 1930, the 40 hectare estate of Domaine la Genestière was acquired by Jean-Claude Garcin in 1944. M. Garcin has also acquired additional vineyards over time, expanding from Tavel and Lirac production into this special project of producing varietal and regional wines in the rugged garrigue terroir just outside of Tavel. These are high-quality domaine-produced wines made from traditional Rhone varietals, Rouge, Blanc and Rosé for casual drinking. They are farmed and vinified in the same manner as more prestigious and expensive AOP wines.

Vinification and Élevage: Rose wines are made by cooling the grapes, before being crushed and after a brief period (24-48 hours) with their skins, pressed. The wine is allowed to settle and goes through temperature controlled fermentation. Malolactic conversion is blocked to encourage freshness and vivacity. Aging is in stainless steel tanks.

Tasting Notes: From a slightly salmon pink, bright and shiny, this wine has a mineral nose dotted with fresh red fruits and flowers. Strawberries, and light red fruits abound.

Region:	Southern Rhône Valley
Appellation:	Vin de Pays du Gard
Owner:	Jean Claude and Raphael Garcin
Established:	1930
Farming Practices:	Sustainable
Soil:	Alluvial, with loess and small pebbles
Vineyard:	5 ha
