

DOMAINE ROGER ET CHRISTOPHE MOREUX

SANCERRE "TRADITION"

The estate of Domaine Roger & Christophe Moreux represents the best in artisanal wine making. Established in Chavignol in 1895, the work of the vineyards has been handed down from father to son for generations. Today the domaine is under the attentive care of Christophe Moreux, Roger's son. Located just a few short minutes from the town of Sancerre, Chavignol is considered one of the great sites of the appellation with some of Sancerre's finest terroirs.

Moreux owns vines in two steep hillside vineyard sites, the famous "Les Monts Damnés" and its neighboring hillside, "Les Bouffants." His Sancerre "Tradition" is made from 30-35-year-old vines planted on select chalky sites within the limits of Chavignol. Moreux's wines are vinified entirely in stainless steel with extended contact on the fine lees for added freshness and complexity. The winery has earned the elite status of High Environmental Value, awarded by the French government in recognition for meeting the highest environmental standards in every aspect of agricultural production.

Owner:	Christophe and Roger Moreux
Established:	1895
Farming Practices:	Sustainable
Soil:	Highly calcareous Kimmeridgian limestone, the "terres blanches" of Sancerre
Grape Varieties:	100% Sauvignon Blanc
Vineyard:	5 ha
Age of Vines:	30 to 35 years
Yield/Hectare:	35 hl/ha
Avg Production:	10,000 bottles

Vinification and Elevage:

The grapes are pneumatically pressed and the juice allowed to settle prior to fermentation, which then takes place using natural yeast in stainless-steel vats. The wine remains in tank on the fine lees for 6-8 months, then is lightly filtered and bottled.

Tasting Notes: Brilliant white gold hue with green-gold reflections. Floral, fresh, elegant nose with hints of smoke, pink grapefruit and melon evolves in the glass. Wines from the "terres blanches" soils of Sancerre tend to evolve more slowly than those from the caillottes or silex soils. With its firm, long finish, Domaine Moreux Sancerre "Tradition" offers the mineral-driven character of classic Sancerre at its best.
